

## Soft Skill development

As the numbers of graduates are increasing every year, employers are becoming critical and strategic in their recruitments. Nowadays the engineering industry looks for technical skills as well as overall personality. To bridge the gap between requirements of the industry and the skills of the students, Soft Skill Development Programmes are being organized. Various programmes are listed below.

<b>Sln o</b>	<b>Date</b>	<b>Firm</b>	<b>Training provided</b>	<b>No. Of Students</b>
