INTERNATIONAL CONFERENCE

on

Signal Processing
Instrumentation and
Communication Engineering

SPICE 2K24
09 & 10 February 2024

Organized by

Department of Electronics and Communication
Engineering in association with

Bureau of Indian Standards (BIS)

CALL FOR PAPERS

Researchers, Academicians, Professionals, Industrialists and students are invited to submit their original research papers on the following areas but not limited to:

- Sustainable Development Goals
- Deep Space Communication
- Internet Of Things
- Embedded Systems
- VLSI Design
- Communication Engineering
- Signal Processing
- Instrumentation Systems
- Networking
- Biomedical Engineering
- Industrial Standards Related to Science & Technology
- Robotics

MANUSCRIPT SUBMISSION

Papers are invited from various disciplines that, meet sustainable development goals . The authors are requested to submit your unpublished research papers in A4 size IEEE format .docx with maximum of 6 pages. The authors per paper are restricted to maximum of six. ABOUT THE COLLEGE

Mar Baselios Institute of Technology and Science (MBITS) (NAAC Accredited), Kothamangalam, Kochi, Kerala, India was started in the year 2009 upholding the motto, "Wisdom Crowns Knowledge" and aims to provide quality higher education at par with interational standards, particularly enhancing rural youths. This institute offers various Diploma, B. Tech, M.Tech and Ph.D programmes with 376 annual intake. This institute has been established by Mar Thoma Cheria-pally, Kothamangalam, a well-known pilgrim centre of Kerala.

VISION

- To nurture a positive campus culture and equip the younger generation to take our nation forward.

MISSION

- To provide graduate-level technical education in the existing/conventional branches as well as newly emerging field
- To build up a centre of technical excellence for post-graduate studies and research in all fields of human endeavour.
- To help the youth of rural agricultural backgrounds to change with times and join the mainstream of industrial growth and information technology
- To impart ethical values of our Indian tradition to the future generation.

ABOUT BIS

The Bureau of Indian Standards (BIS) is the national standards body of India, established in 1947 under the BIS Act, 1986, and operates under the Ministry of Consumer Affairs, Food and Public Distribution, Government of India. The BIS is responsible for the formulation and implementation of various standards for products, services, and systems in India. BIS covers a wide range of products and services, including industrial goods, consumer products, textiles, electronics, food products, and more.

ABOUT THE DEPARTMENT

The department of Electronics and Communication Engineering at MBITS was established in the year 2009 with an initial intake of 60 students. The Department provides the best opportunity for aspiring professionals to learn and graduate with all the skills needed to compete in today's world.

VISION

- To be a centre of excellence to produce globally competent technocrats who can advance our nation.

MISSION

- To provide quality education and training through effective teaching-learning practices
- To solve the complex technological problems of modern society in the various fields related to Electronics & Communication Engineering
- To nurture students to improve their leadership and entrepreneurship skills with core values

ABOUT SPICE 2K24

SPICE2K24 aims to bring researchers, academicians, industrialists and students together to offer a platform that delivers the most recent developments and trends in the field of Engineering and Technology to meet Sustainable Development Goals.
